PURPOSE OF THIS APPLICATION

4 This is an application in terms of section 162(5)(c) of the Companies Act, 71 of 2008 ("Companies Act") to declare certain former members of the Board of Eskom Holdings SOC Limited ("Eskom" or "the Company") delinquent Directors.

5 The Supreme Court of Appeal ("SCA") succinctly discussed the purpose of an order of delinquency. In *Gihwala and Others v Grancy Property Ltd and Others* [2016] ZASCA 35, the SCA held that:

> *"Its aim is to ensure that those who invest in companies, big or small, are protected against Directors who engage in serious misconduct of the type described in these sections. That is conduct that breaches the bond of trust that shareholders have in the people they appoint to the Board of Directors. Directors who show themselves unworthy of that trust are declared delinquent and excluded from the office of Director. It protects those who deal with companies by seeking to ensure that the management of those companies is in fit hands. And it is required in the public interest that those who enjoy the benefits of incorporation and limited liability should not abuse their position."*

6 This application is brought in the public interest. The South African public represented by the Government of South Africa, through the Minister of Public Enterprises, is the guarantor shareholder and investor in Eskom.

7 The public has an interest in the proper governance and management of Eskom for the following reasons:

7.1. Eskom is a public company and its entire share capital is held by the State, which is represented by a Shareholder Representative. Our courts have held that State Owned Enterprises ("SOEs") are, through the State, owned by the nation.

7.2. Eskom is also a major public entity under Schedule 2 of the Public Finance Management Act, 1 of 1999 ("PFMA").

7.3. Most recently, the ongoing problems with governance at Eskom have impacted on the country's sovereign credit rating and Eskom itself has suffered numerous credit rating downgrades during the past 24 months.

7.4. In April 2017, Standard and Poor Global ("S&P Global"), a global ratings agency, downgraded South Africa's credit rating. They stated candidly *"that contingent liabilities to the state, particularly in the energy sector, are on the rise, and that previous plans to improve the underlying financial position of Eskom may not be implemented in a comprehensive and timely manner."* They remarked that previous identification of necessary governance reforms at Eskom

had not produced these reforms. A copy of S&P Global's statement is attached and marked as **Annexure "DL3"**.

7.5. Similarly, in June 2017, Moody's, another global ratings agency, also downgraded South Africa's credit rating and assigned it a negative outlook. According to the statement, two of the three drivers which led to the downgrade, were linked to the state of governance in SOEs and the need to institute reforms. Moody's specifically lamented the delay in implementing much needed reforms in the governance of SOEs. Poor governance was again highlighted when Moody's indicated, *"pressures to further extend guarantees and utilize procurement practices to advance political objectives are sources of additional potential risk."* A copy of Moody's statement is attached and marked as **Annexure "DL4"**.

7.6. Both ratings agencies downgraded Eskom in November 2017, citing its high level of necessary government support in instances of financial distress, governance difficulties and that these downgrades were consequential on the sovereign ratings downgrade.

7.7. On 26 January 2018, Moody's downgraded Eskom yet again due to the further deterioration in its financial and liquidity position. A copy of Eskom's media statement following the further downgrade is attached and marked as Annexure **"DL5"**. Fitch Ratings, on 31 January 2018, similarly downgraded Eskom, citing weakening liquidity and Eskom's uncertain capacity to fulfil its short-term financial commitments as the basis for its decision. A copy of

Eskom's media statement following the downgrade is attached and marked as Annexure "**DL6**".

7.8. Eskom was further downgraded by S&P in February 2018 and by Moodys in March 2018. Copies of Eskom's media statements following the downgrades are attached and marked as **Annexures "DL7"** and **"DL8"**.

7.9. These downgrades have had a detrimental effect on the growth of our economy and have increased the cost of living, which directly and adversely affects all South Africans and more dramatically, the most vulnerable and poorest of South Africans.

7.10. Eskom as an SOE makes an essential contribution to our country's economy. SOEs are vital to the growth of the economy because they promote the development of the country's strategic sectors, especially energy, transport, telecommunications and manufacturing.

7.11. Eskom's centrality and strategic importance to the South African economy is self-evident. As the country's dominant electricity supplier, the effective operation of Eskom is critical to government's social and economic policies, as well as to the growth, development and transformation of the economy.

7.12. The Minister of Public Enterprises ("the Minister") reiterated Eskom's central role in the progressive reform and strategic transformation of the South African economy during the budget vote speech on 15 May 2018. Discussing the major impact that the reliability of

electricity supply has on the country's economy and its citizen's well-being, the Minister acknowledged that Eskom, as a critical institution, was on the brink of collapse through state capture. A copy of the budget vote speech is attached and marked as **Annexure "DL9".**

8 In light of the above, the importance of well-functioning and transparent SOEs cannot be over-stated. Eskom as a strategic national asset must perform with optimum efficiency and accountability.

9 The public further has an interest in the prudent management of public funds. Accordingly, in circumstances where the directors of a major public entity such as Eskom are alleged to be managing the entity imprudently (if not unlawfully), the public has a right to, and interest in, the prevention of them being placed in positions of directors which require utmost good faith and acting in the best interest of the Company.

10 The facts, which are at the heart of this application, centre on the gross negligence, mismanagement and maladministration of Eskom by the respondent Directors, who were Directors of the Company ("respondent Directors" or "Directors") and were responsible for the management and control of the Company as per the governing prescripts of law and embodied in the Memorandum of Incorporation ("MOI"). The Directors abused their positions in order to benefit other entities and individuals rather than the interests of Eskom and, by necessary extension, the people of South Africa.

11 Announcing Eskom's interim results on 30 January 2018, then Acting Chief Executive Officer ("ACEO"), Phakamani Hadebe ("Hadebe") acknowledged that the significant challenges faced by Eskom are the result of poor

leadership and a lack of corporate governance by these Directors. Hadebe stated that as the shareholder, government waited too long to replace Eskom leaders. A copy of Eskom's statement and a media report on Eskom's interim results are attached as **Annexure "DL10"** and **Annexure "DL11"**, respectively.

12 The actions of the Directors, as detailed in this application, also evidence a breach of the provisions of the Constitution of the Republic of South Africa, 1996 ("Constitution"), the PFMA, and the Companies Act as will be detailed below.

13 Despite the removal of the majority of the Board of Directors of Eskom in January 2018, and the removal of Lynne Brown as the Minister of Public Enterprises ("the former Minister" or "Brown") on 26 February 2018, the erosion of executive oversight and corporate governance at Eskom in the preceding years has placed it in a financially precarious position that has endangered South Africa's economic stability as well. More significantly, Eskom was central to the "state capture" project, which impoverished Eskom and enriched third parties and/or individuals in what appears to be a determined stratagem by the respondent Directors and others to commit fraud, corruption, racketeering and engage in other financial misconduct.

14 In the remainder of this affidavit, I will address the following issues –

14.1. The parties;

14.2. Standing to bring this application;

14.3. The factual background to this application; and

14.4. The grounds for delinquency regarding each of the respondent Directors.

THE PARTIES

The applicants

15 The first applicant is Corruption Watch. Corruption Watch is a non-profit company under the laws of the Republic of South Africa, with its principal place of business at 87 De Korte Street, Johannesburg.

The Respondents

16 The first respondent is Eskom Holdings SOC Limited.

16.1. Eskom is a state-owned company with registration number 2002/015527/06, duly established in terms of the company laws of the Republic of South Africa and section 3 of the Eskom Conversion Act, 13 of 2001 ("Eskom Act"), with its registered office at 1 Maxwell Drive, Sunninghill, Sandton, Johannesburg.

16.2. Eskom is an organ of state as defined in section 239 of the Constitution and a public entity listed in Schedule 2 of the PFMA.

16.3. No relief is sought against Eskom and it is cited due to its interest in this matter. Eskom is specifically invited to assist the Court in its determination of this application and to confirm the avoidable and severe deterioration in its governance and financial position while under the stewardship of the Directors.

17 The second respondent is Mark Vivian Pamensky ("Pamensky").

17.1. Pamensky is an adult male and a former member of the Board of Directors of Eskom. Pamensky was appointed to the Board as a non-executive Director on 11 December 2014.

18.1. Singh was seconded to Eskom in August 2015 as the Acting Chief Financial Officer ("ACFO") and was permanently appointed as the Group Chief Financial Officer ("GCFO") on 25 September 2015. Singh was appointed to the Board on 01 October 2015 as GCFO.

18.2. On or about 29 September 2017, Singh was suspended from Eskom pending investigation.

18.3. On or about 22 January 2018, Singh resigned from Eskom following the removal of the Board and the direction of the new Board *"to immediately remove all Eskom executives who are facing allegations of serious corruption and other acts of impropriety, including Mr Matshela Koko and Mr Anoj Singh"* (statement on measures to strengthen governance at Eskom, attached and marked as **Annexure "DL12"**).

19 The fourth respondent is Brian Molefe ("Molefe").

19.1. Molefe is an adult male and former Group Chief Executive, ("GCE") of Eskom.

19.2. Molefe was appointed as GCE of Eskom on or about 10 October 2015. Prior to his appointment as GCE of Eskom, Molefe was appointed as Acting GCE of Eskom in May 2015.

19.3. On 2 June 2017, the Eskom Board resolved to terminate the Reinstatement Agreement entered into with Molefe, following a directive by the Shareholder Representative, thereby terminating his employment.

20 The fifth respondent is Venete Jarlene Klein ("Klein").

20.1. Klein is an adult female and a former member of the Board of Directors of Eskom. Klein was appointed to the Board as a non-executive Director on 11 December 2014.

20.2. On or about May 2017, Klein resigned.

21 The sixth respondent is Zethembe Wilfred Khoza ("Khoza").

21.1. Khoza is an adult male and a former Chairperson of the Board of Eskom, Chairperson of the Board Tender Committee and a member of the People and Governance Committee.

21.2. On or about 20 January 2018, Khoza resigned.

22 The seventh respondent is the Minister of Public Enterprises, Mr Pravin Gordhan ("the Minister") cited in his official capacity as the Shareholder

Representative and served care of the State Attorney, SALU Building, 316 Thabo Sehume Street, Pretoria.

22.1. The Minister is responsible for administering and regulating Eskom under and in terms of the Eskom Act.

22.2. No relief is sought against the Minister, who is cited based on his interest in this application as the Shareholder Representative of Eskom. Like Eskom, the Minister is specifically invited to assist the Court in its determination of this application by providing confirmation of the facts set out below.

STANDING

23 Corruption Watch brings this application in terms of section 157 of the Companies Act, read with section 162. It seeks leave of this Court to bring this application in the public interest.

The Work of Corruption Watch

24 As appears from Annexure **"DL1"** –

24.1. The first applicant was formed to undertake activities aimed at the combating of corruption in all forms in South Africa in order to ensure integrity and accountability in both the public and private sector in the conduct of their functions and operations.

24.2. Two purposes of the first applicant are (i) to engage in litigation, and (ii) to liaise with law enforcement authorities, as well as state investigation

and prosecution authorities, to ensure that appropriate actions are taken in relation to matters referred for investigation and/or prosecution.

25 Corruption Watch is a non-profit organisation that fights corruption and seeks to hold leaders and officials accountable for their actions. Corruption Watch provides a platform for reporting corruption, through its website, an SMS line, social media, email, or post; investigates selected reports of alleged acts of corruption; gathers and analyses information to identify patterns of corruption; and builds campaigns that mobilise people to take a stand against corruption.

26 As an advocacy organisation, much of the work of Corruption Watch is focused on policy and legislative work, public education, outreach programmes, campaigns, and raising the public's awareness of corruption.

27 Corruption Watch will also participate in litigation, such as this application, where it would be in the public interest and would advance the ongoing fight against corruption.

Exposing Corruption Through Reports and Whistleblowers

28 Corruption Watch aims to ensure that the custodians of public resources act responsibly to advance the interests of the public, and to ensure that opportunities for entering into corrupt relationships are reduced.

29 For this reason, the conduct of the respondent Directors while they were directors at Eskom must be held up for scrutiny. Those Directors simply failed in their obligations and refused to fulfil their duties while entrusted with the corporate governance of Eskom. Despite handsome remuneration, the

respondent Directors mismanaged public funds and diverted them from their lawful, proper purposes to unlawful and improper ends. Seemingly willfully blind to obvious conflicts of interest and determined to pursue interests other than Eskom's, to the detriment of Eskom, the respondent Directors must now be held accountable.

30 Corruption such as this weakens institutions and undermines social solidarity. Our primary objective, therefore, is to encourage and enable active public participation in combatting corruption by reporting experiences of corruption in South Africa.

31 We believe that by shining a light on corruption and those who act corruptly, we promote transparency and accountability and protect the beneficiaries of public goods and services.

32 Each act of corruption that is prevented by our citizens underpins and fortifies civil society and thereby enhances democracy, the rule of law and the establishment of a more caring and just society.

33 Whistleblowers, such as Daniels, demonstrate tremendous courage to make the decision to reveal corruption, when often it would be much easier to turn a blind eye and say nothing. Whistleblowers often go through harrowing experiences on their way to vindication and the truth.

34 Through the brave efforts of Daniels, the extent to which the respondent Directors acted delinquently and otherwise in contravention of their obligations and duties, and the extent to which the former Minister also failed to prevent such delinquency, is now known to this Court and to South Africa

through her protected disclosure and testimony at the Portfolio Committee on Public Enterprises Inquiry into Eskom, Transnet and Denel ("Parliamentary Inquiry"). Personal accountability must follow for these individuals.

35 Despite public knowledge of the irregularities at Eskom through various inquiries, investigations and reports, as detailed in this affidavit, there has been no personal accountability for those responsible to date. The cost of corruption is high – the failure of Eskom will cripple the South African economy.

36 The Minister has publicly acknowledged that a compromised Board and unscrupulous executives were installed, who were actively engaged in the looting of Eskom (see **Annexure "DL9"**). These individuals should not escape personal liability and accountability for their role in bringing Eskom to its knees in furtherance of the so-called "state capture" project. The enrichment of, among others, the Gupta family to the detriment of Eskom and its shareholders, the South African public, cannot pass without consequences.

37 The former Minister failed to act in the public interest and hold the respondent Directors accountable, as she should have done. As Shareholder Representative, the former Minister was empowered by the Eskom MOI to take meaningful action against the respondent Directors to hold them accountable for their failures as Directors. Yet she failed to do so, despite the real and persistent threat from Eskom's lenders that no further funds would be lent to Eskom without her acting and dealing with the corporate governance failures at Eskom.

38 In short, the governance and management of Eskom has been nothing short of calamitous. Eskom has been plagued by scandal after scandal pertaining to state capture and the syphoning of public funds from the utility. This has resulted in a warning from the then Minister of Finance that Eskom could collapse the South African economy. A media article to this effect is attached and marked as **Annexure "DL13".**

39 The then Deputy President's critical intervention to ensure that appropriately qualified people were appointed to a new Eskom Board in January 2018 was insufficient to stave off a further credit downgrade. The Moody's statement, attached and marked as **Annexure "DL14"**, provided that:

> *"Eskom has faced mounting liquidity risks in recent weeks, primarily driven by lenders' unwillingness to provide additional funding to the company in the context of serious questions around corporate governance, a lack of leadership and failing trust in the company. The government's announcement, on 20 January 2018, seeking to address these issues through the replacement of the existing Eskom Board members and the plan to tackle long term funding and structural issues is a positive first step towards restoring confidence in the company and, over time, operational performance and its financial position."*

Public Interest and the Applicants' Standing

40 In conclusion, I submit that it is plainly in the public interest that this application be pursued by Corruption Watch with leave of this Court, finding that the first applicant has standing to bring, as it does, this application:

40.1. On behalf of and in the public interest, with the leave of this Court in terms of section 157(1)(d) of the Companies Act, read with section 162(2).

40.2. It is evident from the above that there is significant and well-founded public interest in the good governance and management of Eskom.

41 Further legal submissions regarding the applicant's standing will be made at the hearing of this application.

PURPOSE OF THIS APPLICATION

42 Corruption Watch brings this application to ensure personal accountability for the respondent Directors for their facilitation of and participation in corruption and non-compliance with several statutory obligations while at Eskom.

43 It is insufficient redress that a largely new Board has recently been appointed. It is important that these individuals who so egregiously failed to fulfil their statutory, legal and moral obligations as directors are prevented from occupying these fiduciary positions again.

44 Further legal submissions regarding the appropriateness of the relief sought to achieve these objectives of Corruption Watch will be made at the time of the hearing of this application in due course.

INTRODUCTION TO THE GROUNDS OF DELINQUENCY AND FACTUAL BACKGROUND TO THIS APPLICATION

45 The relevant factual background to the various incidents providing the grounds of delinquency on which the applicants rely are set out below in separate chapters and confirmed in the attached annexures and the supporting affidavit of Daniels.

46 In summary, these are:

46.1. Pamensky's conflicts of interest;

46.2. Eskom's relationship with Tegeta Exploration and Resources (Pty) Ltd ("Tegeta");

46.3. Coal Supply Agreements and related dealings with Optimum Coal Holdings (Pty) Ltd ("OCH") and Optimum Coal Mine (Pty) Ltd ("OCM");

46.4. Financial mismanagement at Eskom – the Qualified Audit; and

46.5. Brian Molefe's "early retirement"/resignation.

47 I address each in turn below.

CHAPTER ONE:

PAMENSKY'S CONFLICTS OF INTEREST

48 The most fundamental duty of a Board member is to act in the best interests of the organisation. The collapse in governance at Eskom allowed for large scale looting of the institution as well as a complete mismanagement of conflicts of interest. Not only did Pamensky use information gained through his position at Eskom to his (and others) personal advantage, he actively acted against Eskom's best interests as detailed below.

49 Pamensky breached section 76 of the Companies Act in that he used his position as a director of Eskom to gain advantage for another person other than for Eskom and, by extension, the public resources with which it is entrusted.

50 Pamensky was appointed as an independent non-executive director of the Eskom Board on 11 December 2014.

51 Pamensky served as Chairman of the following committees of the Board:

51.1. The Investment and Finance Committee for the period December 2014 to July 2016; and

51.2. The Audit and Risk Committee for the period July 2016 to November 2016.

52 During his tenure on the Eskom Board, he also served as a director on the boards of, or had business interests in, other Gupta-related entities including:

52.1. Oakbay Resources and Energy Ltd ("Oakbay") (for the period September 2014 to May 2017);

52.2. Shiva Uranium (Pty) Ltd (27 November 2015 to 7 July 2016);

52.3. Yellow Star Trading 1099 (Pty) Ltd;

52.4. BIT Information Technology (Pty) Ltd; and

52.5. Trillian Capital Properties.

53 At the time, Tegeta also had a 20 percent shareholding interest in Shiva Uranium.

54 Pamensky declared his various interests with regards to the above entities while still a Board member.

55 Despite these declarations, in his role as non-executive board member of

various companies, Pamensky was the conduit for the flow of privileged information between the companies and members of the Gupta family. This sharing of Eskom's internal commercially sensitive information and relevant information is inexplicable by a Director whose fiduciary and legal duties include the preservation of its confidential information. It is further inexplicable to have shared such information with a supplier to Eskom, with which an arms-length relationship was required.

56 On 18 September 2015 Pamensky sent an email to members of the Gupta family and associates attaching documentation on Eskom's new procurement methods for coal. In the email Pamensky provides information on a coal mine (Waterberg Coal Company) he had wanted to buy and states: *"We need to move fast on certain asset acquisitions as Sibanye is picking up all these assets at low valuations which is what we should be doing. We should also look to do a deal with Eskom on the coal plus mines. I have some good thoughts on these assets that can we (sic) a win win for Eskom, the mine owners and ourselves."* (**Annexure "DL15"**)

57 On 22 November 2015, Pamensky sent an email to members of the Gupta family and associates wherein he states: *"We will have the shiva uranium board sorted out by Tuesday. This will allow us to vote on the Tegeta acquisition with no related parties. [...] In terms of the investment committee I am available to start straight away. As I'm at the tail end of the main acquisition of Optimum Coal, please ensure that a condition precedent is that the R2bn claim from Eskom is withdrawn or it becomes the sellers problem."* A copy of the email is attached and marked as **Annexure "DL16".** The two-

billion-rand claim was the same penalty (detailed at paragraph 102 below) in explaining how Glencore was pressured by Eskom to sell Optimum Coal to Tegeta/the Guptas.

58 Again on 25 November 2015 Pamensky sent an email to Atul Gupta stating that he would like to discuss the *"concept on the potential law suit from Eskom to target Co"*, which I understand "target Co" to be a reference to Optimum Coal Mine (see paragraphs 110 below). A copy of the email is attached and marked as **Annexure "DL17".**

59 On 31 January 2016, Pamensky sent an email to members of the Gupta family and associates wherein he states: *"Just for info purposes but Clinton just called me now to make sure that I reply back to you that Ivan is 100% behind the closing of the deal and that Glencor (sic) are not behind these press statements. I don't believe him about the press but do believe him about the fact the closing of the deal is important to Glencor (sic)r. The fact is that Eskom will not deal with Glencor (sic) and the business practitioner mentioned same to me."* A copy of the email is attached and marked as **Annexure "DL18".**

61 Pamensky failed to recuse himself from decisions in which conflicts of interest arose between his various stakes in business. Such failure to recuse himself aids in his willingness to assist in dubious transactions. In an email to members of the Gupta family, Pamensky discusses a possible conflict based on the ORE potential acquisition of Tegeta, which has a contract with Eskom and due to the fact that he sits on the Eskom Board. He states that he does not believe there to be a conflict and requests a meeting to discuss the

matter further. A copy of the email dated 17 November 2015 which evidences same, is attached and marked as **Annexure "DL19".**

62 As a result of Pamensky's unlawful and corrupt conduct, the Organisation Undoing Tax Abuse ("OUTA") has laid criminal charges against Pamensky for corruption and for violating his statutory obligations in terms of the Companies Act and the PFMA. OUTA's affidavit, with accompanying annexures, is marked and attached as **Annexure "DL20"** and its contents will be relied on in this application.

63 Pamensky, while exercising his powers and functions as a Board member failed to:

59.1. Act in good faith and for a proper purpose; and

59.2. Act in the best interests of Eskom as Director (section 62(5)(c)(i) of the Companies Act).

64 In addition, Pamensky knew, alternatively ought to have known, that by using his position at Eskom to acquire and share confidential information with third parties, he failed, inter alia, to:

59.3. Exercise the duty of utmost care to ensure reasonable protection of the assets and records of Eskom as a public entity (section 50(1)(a) of the PFMA);

59.4. Act with fidelity, honesty, integrity and in the best interests of Eskom as a public entity (section 50(1)(b) of the PFMA);

59.5. Seek to prevent any prejudice to the financial interests of the State (section 50(1)(d) of the PFMA); and

59.6. Refrain from using his position or privileges as a member of the Eskom Board in order to improperly benefit another person (section 50(2) of the PFMA).

65 In respect of what is set out above, Pamensky:

59.7. Knew, alternatively ought to have known that he was acting unlawfully;

59.8. Failed to exercise the powers and perform the functions of Director in good faith and for a proper purpose, in the best interests of Eskom;

59.9. Acted in a manner that amounted to gross negligence, willful misconduct or breach of trust in relation to the performance of Eskom, and duties to Eskom in terms of section 162(5)(c)(i), section 162(5)(c)(ii), section 162(5)(c)(iii), and 162(5)(c)(iv)(aa) of the Companies Act.

66 Accordingly, this court must make an order declaring Pamensky a delinquent Director in terms of section 162(5)(c)(i)-(iv) of the Companies Act.

CHAPTER TWO

ESKOM'S RELATIONSHIP WITH TEGETA EXPLORATION AND RESOURCES (PTY) LTD ("TEGETA")

60 Eskom is by far the dominant buyer in the domestic coal market. Coal supply is vital not only to Eskom but to the South African economy. According to the Department of Energy, South Africa produces 224 million tons of marketable coal annually, with fifty-three percent (53%) used for electricity generation.

61 The key role played by our coal reserves in the economy is illustrated by the fact that as at December 2015, Eskom was the seventh largest electricity generator in the world. Eskom had thirteen coal-fired power stations and maintained thirty-three coal contacts serviced by at least twenty-eight suppliers.

62 Coal procurement therefore remains an essential procurement area and it is necessary for Eskom to follow a proper coal procurement strategy and policy in order to minimize risk and exposure. In terms of Eskom's Procurement Policy *"one of the responsibilities of the Eskom Board is to have and maintain an appropriate procurement and provisioning system which is fair, equitable, transparent, competitive and cost effective."*

63 At all relevant times hereto, Tegeta was owned by Oakbay Investments (Pty) Ltd ("Oakbay"), a Gupta family owned business. A copy of the company registration information is attached and marked as **Annexure "DL21".**

64 As set out below and in the attached annexures to this affidavit, Eskom contracted with Tegeta for coal to be supplied to various of its power stations for electricity generation. However, the terms of these supply agreements were uncommercial, caused further financial harm to Eskom, and were the result of action taken by Khoza, Singh and Molefe, in particular, that was contrary to the statutory requirements and legal duties applicable to them.

65 In addition, Khoza, Singh and Molefe failed to respond appropriately to other arms of government, including Treasury, which was attempting to exercise some oversight over these contracts.

66 Accordingly, these arrangements and all of the failures detailed below provide a basis for this Court to conclude that Khoza, Singh and Molefe should be declared to be delinquent Directors.

67 The allegations set out below in respect of the Coal Supply Agreements ("CSAs") entered into by Eskom with Tegeta/OCH/OCM were the subject of several different reports which investigated the matter and corroborated the essential allegations detailed below. The following reports deal with the matter:

67.1. The Price Waterhouse and Cooper ("PWC") Report: Coal Quality Management dated 26 November 2015, attached and marked as **Annexure "DL22";**

67.2. Treasury's Report titled "The verification of compliance with Treasury Norms and Standard's – Appointment of Tegeta Exploration and Resources (Pty) Ltd" and annexures dated 12 April 2016, attached and marked **Annexure "DL23";**

67.3. Extracts of the Public Protector's "State of Capture Report" dated 14 October 2016, attached and marked **Annexure "DL24".**

68 The reports relied on are in the public domain. The content of the reports has not been publicly disputed by Khoza, Singh or Molefe. Corruption Watch invites the respondents to confirm the contents of the reports.

69 In sum, Eskom contracted for unsuitable coal on uncommercial terms with a supplier linked to the Gupta family and Oakbay group of companies, contrary to the duties owed by the Directors to the company and to the public who are directly affected by the failure of corporate governance at Eskom. Eskom's relationship with Tegeta also was contrary to the requirements imposed on Eskom by Treasury. These CSA's also raise grave conflicts of interests for the Directors and were detrimental to Eskom in that its interests were subrogated to the interests of one supplier.

70 For the sake of brevity, I attach the full chronology and detail on the conclusion and terms of the CSA concluded between Eskom and Tegeta on 10 March 2015 (10 March CSA). This is attached and marked as **Annexure "DL25".**

71 As Directors of Eskom, Molefe and Singh were under an obligation to communicate to the Board at the earliest practicable opportunity any information that had come to their attention (section 76(2)(b) of the Companies Act).

72 Molefe, Singh and Khoza were also obliged to exercise their powers and perform their functions in good faith and for proper purpose, in the best interests of Eskom, and with the degree of care, skill and diligence that may be reasonably expected of a person in their position (section 76(3) of the Companies Act).

72.1. Khoza was the Chairman of the Board and Tender Committee at all relevant times when the transactions described served before him.

72.2. Singh was the GCFO at all relevant times.

73 The events detailed below illustrate that Molefe, Singh and Khoza failed to act with fidelity, honesty, integrity and in the best interests of Eskom in managing its financial affairs.

Failure by the Directors to Comply with the Treasury Report

74 The Treasury Report found that there is no evidence which points to Tegeta having complied with the express requirements of Eskom, specifically with clause 29.2 of the 10 March CSA, which required the submission of prescribed information to Eskom within 30 days after the publication of their annual report. The required information consisted of the following:

74.1. Summary of the product qualities supplied;

74.2. Quantities and dates of dispatch of contract coal delivered during the previous year;

74.3. The reserve and resource statements, in accordance with SAMREC Code, relating to the remaining coal to be mined at the Mine;

74.4. Progress on long term issues dealt with in this Agreement;

74.5. Latest tax clearance certificates;

74.6. Tegeta's broad based black empowerment status;

74.7. Employment equity status; and

74.8. The latest audited financial statements.

75 Furthermore, Treasury criticised Eskom for failing to enforce clause 30 of the 10 March CSA, which required the submission of information in respect of compliance with legislation by the supplier. In terms of clause 30, every Eskom supplier must, upon request by Eskom, provide Eskom with copies of all legislated compliance submissions submitted to all competent authorities in terms of legislation aimed at inter alia environmental protection, health and safety, and black empowerment.

76 The Treasury Report contained the following recommendation:

> *"The Accounting Authority must submit evidence of effective and appropriate steps taken to ensure that Tegeta Exploration and Resources (Pty) Ltd:*
>
> *(i) supplied and continue to supply coal that conform to Eskom's standards;*
>
> *(ii) complied and continue to comply with all its obligations under applicable laws (clause 6.1 of the coal supply agreement);*
>
> *(iii) submitted prescribed information to Eskom within 30 days after the publication of the annual report (clause 29.2 of the coal supply agreement);*
>
> *(iv) settled the fine for contravening environmental laws imposed by competent authorities;*
>
> *(v) complied with additional Water Use License requirements; and*
>
> *(vi) selectively mined the seam, use a grader to remove the major inseam partings and avoid over drilling and blasting to improve the quality of coal.*
>
> *The Accounting Authority must submit evidence of effective and appropriate steps taken by Eskom after receiving the SABS coal test results dated 18 September 2015 which confirmed that Tegeta Exploration and Resources (Pty) Ltd.'s coal do not conform to contracted standards.*
>
> *The Accounting Authority must submit evidence of effective and appropriate steps taken by Eskom after Tegeta Exploration and Resources (Pty) Ltd justified its High coal price because of the increased BEE shareholding.*

The Accounting Authority must submit evidence of effective and appropriate steps taken by Eskom to ensure compliance with clause 30 of the Coal Supply agreement with regards to the submission of the legislative submission associated with compliance by the supplier.

The Accounting Authority must submit evidence of effective and appropriate steps taken by Eskom to ensure that Tegeta Exploration and Resources (Pty) Ltd was not paid for the tons of coal that did not comply with its standards."

77 On 12 April 2016, the Treasury Report was sent to Molefe as GCE. The letter informed Molefe that he was to table the report before the Eskom Board and submit the required information/documents on or before 30 April 2016.

78 On 30 August 2016, Molefe purported to answer to the recommendations made by Treasury. The response is attached and marked **Annexure "DL26".** According to the response from Molefe, as at 30 August 2016, the Treasury Report had not been tabled before the Eskom Board. He then seemingly offered to table the Report at the next Board meeting which was set for 27 September 2016, some five months after he had received the Treasury Report.

79 Despite the statutory duty to timeously provide all relevant information to the Board and the request from Treasury that the Report be tabled timeously, Molefe and Singh failed to do so. This is contrary to their duties and obligations as Directors.

80 A reasonable director in the position of GCE and GCFO would have tabled the Report timeously, in compliance with statutory duties and the oversight of

Treasury in ensuring that Eskom was lawfully, diligently and properly managed.

Findings of the PWC Report

81 The Directors' disregard for their duties and failure to cure their non-compliance with the obligations imposed upon them was compounded by their disregard of further warnings regarding the non-compliant nature of the CSAs contained in the PWC Report. Further details of these findings are set out below.

82 On or about 26 November 2015, Eskom received the PWC Report. The PWC Report found that the procurement of coal from *inter alia* Tegeta in terms of the 10 March CSA was improper because there were several failings in respect of the procurement process (the PWC Report discussed the 10 March 2015 CSA concluded between Eskom and Tegeta, however the Report uses a pseudonym to refer to Tegeta). The PWC Report highlighted several failings in the procurement process including that:

82.1. Eskom acted in contravention of Clause 3.7.3.9 of Eskom's Procurement and Supply Management Procedure. Clause 3.7.3.9 requires that unsolicited offers be referred to the Supplier Development & Localisation Department ("SD & L Department") for supplier pre-qualification and registration, in terms of Clause 3.2 of the Procedure. *"Only once evaluated and pre-qualified after application, the supplier may then be given a vendor number confirming registration on the Eskom supplier database and may be considered for any future tenders' enquiries."* This

requirement was not complied with. Eskom's Procurement and Supply Management Procedure is attached as **Annexure "DL27"**;

82.2. Despite being requested, the Commercial and Financial evaluation report was not provided to PWC. PWC was however informed that financial evaluations were performed. But it could not find any evidence that a financial modelling and evaluation process was followed or that there was a clear commercial motivation for entering into the contract on the commercial terms provided; and

82.3. The contract appeared to have been hastily put together through a process of 'cutting and pasting' from various draft contracts or standard contract templates.

83 The PWC Report highlights a number of significant issues that point to the failure of the Board to give proper direction. This is especially so because these failings concern Eskom's procurement of coal.

84 The PFMA requires that Eskom is represented by accountable persons at every level, who must "prevent irregular expenditure, fruitless and wasteful expenditure, losses resulting from criminal conduct, and expenditure not complying with the operational policies of the public entity" and "manage available working capital efficiently and economically".

85 At a minimum, the PWC and Treasury Reports required the Board to investigate allegations that irregular expenditure had been incurred. This was not done.

86 It is clear that the Directors failed to exercise the duty of utmost care and to ensure reasonable protection of Eskom's assets. The failings of Eskom in the procurement process and management of coal procured shows that the Directors failed in this key responsibility.

87 The PWC Report highlights a number of issues which illustrate the extent to which the Board abdicated its responsibility in this essential area. This is evident from the following:

87.1. PWC states that negotiating team leaders were evidently in full control of the process of procurement from start to the end;

87.2. There was no evidence of oversight from the Primary Energy Department ("PED") and consequently by the Board;

87.3. Despite the fact that Eskom's procurement policy prohibited single adjudication, PED continued, seemingly with a mandate from the Board Tender Committee, to enter into contracts in excess of R3 billion, each committing Eskom for ten years or more with a single authority; and

87.4. Despite the fact that there were properly constituted tender committees, there was no evidence that these committees were ever consulted.

88 Of significance is that PWC questioned whether the Board had properly applied its mind to the present-day coal needs of Eskom. In particular, PWC noted that:

> *"It is questionable if similar coal market conditions and Eskom's urgent procurement needs of 2009 still exist today that might justify perpetuating the coal price aspirations and governance system proposed originally. The 2010 MT Mandate had outlived most if not all senior executives and [Board of Directors] members and it is quite conceivable that the current senior executives and [Board of Directors] does not have sight of the original intent, strategy and tactics. Board of Directors Tender Committee should review the coal supply strategy and the associated procurement mandates as soon as possible." (Own emphasis added.)*

89 It is apparent from the PWC Report that the Board delegated vast amounts of its power without any oversight. This allowed individual employees to enter into binding contracts on behalf of Eskom for large amounts of money over extended periods of time. This amounted to an abdication by the Board of its responsibilities as the accounting authority in terms of the PFMA. The Directors must therefore be held accountable for the significant failures in the procurement of coal, detailed further below.

90 The Board, as the accounting authority in terms of the PFMA, had the responsibility not only to put in place proper procurement procedures but also to ensure that such procedures were followed. The Board was, inter alia, required to review the coal supply strategy, contracting strategy and additional procurement mandates. The fact that such responsibilities were seemingly exercised by officials in the Department did not mean that the Board could abdicate its responsibilities as the accounting authority. It is also unclear whether these powers were lawfully and properly delegated by the Board.

91 The 10 March CSA with Tegeta not only flouted internal procurement procedures but resulted in Eskom buying substandard coal from Tegeta.

Between the period April 2015 to August 2015, Eskom made payments to the value of R134 343 403.73 to Tegeta in terms of the CSA.

92 On 10 February 2016, as detailed below, the Committee approved the sale of shares in OCM to Tegeta. They further resolved that the CSA between OCH and Eskom be ceded to Tegeta.

93 These transactions took place under the leadership of Khoza, as Chair of the Board Tender Committee. Khoza was also present at the Special Board Tender Committee Meeting of 11 April 2016 at 21h00 which approved the prepayment to the amount of R659,558,079.38 to Tegeta.

94 A reasonable chairperson of a tender committee would have:

94.1. Ensured compliance with Eskom's Procurement and Supply Management Procedure;

94.2. Exercised the level of oversight required of a Director;

94.3. Provided full information to members of the committee on matters under consideration in a timely manner; and

94.4. Acted in the best interests of Eskom as statutorily required under the Companies Act and the PFMA.

95 In light of Khoza, Singh and Molefe's abdication of responsibility and negligent conduct in their respective key roles, they fall to be declared delinquent Directors in term of section 162(5)(c) of the Companies Act, in that they acted in such a manner that amounted to gross negligence with regards to the performance of their functions within, or duties towards Eskom

in terms of section 50 and section 51 of the PFMA through the following acts and/or omissions:

95.1. Using their position or privileges of, or confidential information for personal gain or to improperly benefit another person;

95.2. Failing to disclose to the accounting authority any direct or indirect personal or private business interest that it might have and withdraw from the proceedings of the accounting authority when the matter is considered;

95.3. Contravening their duty to act fairly and impartially when doing business on behalf of Eskom as a public entity and the duty to uphold the principles of section 50 and section 51 of the PFMA as well as section 217 of the Constitution;

95.4. Failing to exercise the duty of utmost care to ensure reasonable protections of the assets and records of Eskom as a public entity (section 50(1)(a) of the PFMA);

95.5. Failing to act with fidelity, honesty, integrity and in the best interests of Eskom as a public entity in the managing of its financial affairs (section 50(1)(b) of the PFMA);

95.6. Failing to ensure that Eskom maintained an appropriate procurement and provisioning system which is fair, equitable, transparent, competitive and cost-effective (section 51(1)(a)(iii) of the PFMA);

95.7. Contravening section 51(1)(b)(ii) of the PFMA which requires that they must take effective and appropriate steps to prevent irregular expenditure, fruitless and wasteful expenditure, losses resulting from criminal conduct, and expenditure not complying with the operational policies of the public entity;

95.8. Failing to take responsibility for the safeguarding of the assets and management of the revenue, expenditure and liabilities of Eskom (section 51(1)(c) of the PFMA);

95.9. Failing to exercise reasonable care in respect of Eskom's interests; and

95.10. Failing to act within their sphere of influence to prevent prejudice to the financial interests of the state.

96 Accordingly, this Court must make an order declaring Khoza, Singh and Molefe delinquent in terms of section 162(5)(c)(i)-(iv) of the Companies Act.

97 In addition, these failures constitute a serious breach of Singh's fiduciary duties to Eskom and a dereliction of his duties, role and responsibilities as GCFO including his duties to:

97.1. Accept responsibility for the compilation and presentation of all Eskom annual and other financial reports including quarterly shareholder reports and statements for the approval of Board;

97.2. Manage the identification of financial information requirements and ensure that systems are installed and applied to provide financial information;

97.3. Approve the design of financial and administrative support systems and ensure effective implementation; and

97.4. Most importantly, through formal processes and personal leadership to ensure that sound corporate governance principles are adhered to throughout Eskom.

98 Accordingly, this Court must make an order declaring Singh a delinquent Director, on these additional grounds, in terms of section 162(5)(c)(iii) and (iv) of the Companies Act.

99 In addition, the failure by Molefe and Singh to timeously table the Treasury Report with the Board is a breach of the standards of Directors' conduct under the Companies Act and a further ground to declare Singh and Molefe delinquent.

CHAPTER THREE

COAL SUPPLY AGREEMENT AND RELATED DEALINGS WITH OPTIMUM COAL HOLDINGS (PTY) (LTD) ("OCH") AND OPTIMUM COAL MINE (PTY) LTD ("OCM")

Introduction

100 Unfortunately, the coal supply agreements with Tegeta, described above, are not the only instances of the Directors failing in their duties and obligations.

As will be seen below, Eskom's dealings with Optimum Coal Holdings and Optimum Coal Mine, were equally lacking in their lawfulness and propriety.

101 The principal allegations relating to Optimum Coal Holdings ("OCH") and Optimum Coal Mine ("OCM") are contained in the Public Protector's State of Capture Report and based on the record of investigation by the Public Protector. It has not been possible for the first applicant to obtain confirmatory affidavits from the persons interviewed by the authors of the Report, or the authors themselves. However, the Report is in the public domain and the respondents are invited to dispute the correctness of the Report in so far as they allege the facts contained herein are incorrect. Corruption Watch is not aware that the correctness of the Report has been disputed publicly by the implicated Directors.

102 In sum, Eskom and the Directors used their position to engineer the sale of OCH/OCM from Glencore to Tegeta, owned by the Gupta family. Through the use of pressure and threats from Eskom executives and other political figures, OCH/OCM experienced considerable financial distress and was placed in business rescue. The business rescue practitioners eventually had no option but to sell the company. At this stage, Tegeta was positioned to purchase Optimum at a reduced price, in addition to having received financial boosts from Eskom in the form of "coal prepayments", that enabled this process. For the sake of brevity, the full background to this impugned transaction is attached and marked **Annexure "DL28".**

103 This transaction was not lawfully or properly the subject of attention and action by the Directors of a wholly unrelated customer of OCH/OCM, Eskom.

As set out below, the Directors became involved for reasons other than the single-minded pursuit of Eskom's commercial interests.

The Forced Sale of OCH/OCM

104 Molefe as GCE, and, Singh as GCFO, were obliged not to use their position of director, or any information obtained while acting in that capacity, to gain advantage for another person other than Eskom, or to knowingly cause harm to Eskom (section 76(2)(a) of the Companies Act).

105 They were obliged to exercise their powers and perform their functions of director in good faith, in the best interests of Eskom, and with the degree of care, skill and diligence that may reasonably be expected of a person in their position (section 76(3) of the Companies Act).

106 Instead, as detailed below, Molefe and Singh's actions prejudiced one private company in favour of another private company and knowingly caused harm to Eskom.

107 Eskom had a long-standing contract with OCH/OCM for the supply of coal to the Hendrina Power Station. However, it was evident that OCM was supplying coal to Hendrina Power Station at a below cost value and was losing money.

108 An agreement on new terms was drafted with the input of both Eskom and OCH/OCM. However, when approval was required from the full Board, they declined and stated that the matter should obtain the consent of the Acting Group Executive, who at the time was Molefe.

109 Molefe's refusal of the new agreement and attempts to hold OCH/OCM to the current contractual terms appeared to have been calculated to place OCH/OCM under severe financial pressure, eventually forcing its sale. Furthermore, Eskom cancelled the Co-Operation Agreement and levied a fine of R2 176 530 611.99 (two billion one hundred and seventy-six million six hundred and eleven rand and ninety-nine cents) against OCH/OCM.

110 To still further increase the pressure on OCH/OCM, Eskom also issued a letter referring the matter to arbitration as per the CSA and issued a summons for the same penalty amount, on the same day.

111 Further evidence of the apparent Eskom strategy to force the sale of OCH/OCM is sourced from the public statements of former Minister of Mineral Resources Ngoako Ramatlhodi ("Ramatlhodi"), see media articles attached and marked as **Annexures "DL29".** Ramatlhodi revealed that he had attended a meeting with Molefe and Ngubane. Ramatlhodi stated that both Molefe and Ngubane demanded that he suspend all of Glencore's mining licenses in South Africa pending the payment of the R2 billion plus fine imposed on them by Eskom. Ramatlhodi refused to shut down the mines on the basis that the country was experiencing load shedding and that a shutdown would exacerbate it. On 22 September 2015, a few weeks following his refusal to suspend Glencore's mining licenses, Ramatlhodi was transferred to head up Public Service and Administration and was subsequently removed as Minister.

112 These allegations have been denied by Ngubane.

113 The only individuals and or entities who stood to benefit from OCM/OCH not being awarded a revised contract by Eskom were the Gupta/Oakbay/Tegeta suitors which could now purchase a distressed entity in business rescue.

114 Further evidence of the apparent prejudice caused by Eskom is that, once the sale agreement was signed in December 2015, Tegeta appears to have easily managed to secure lucrative contracts to supply coal to Arnot Power Station with coal from OCM. This increased the financial stability of OCM and decreased Tegeta's obligations of post commencement financing to OCH/OCM.

115 Molefe and Singh's actions were in gross violation of sections 50(1), 50(2), 50(3), and 51(1) of the PFMA which provides inter alia that:

115.1. The accounting authority must exercise the duty of utmost care, act with integrity, honesty and in the best interests of the public entity in managing the financial affairs of the public entity;

115.2. The accounting authority must take effective and appropriate steps to prevent irregular expenditure, losses resulting from criminal conduct and expenditure not complying with the operational policies of the public entity;

115.3. A member of an accounting authority may not act in a manner that is inconsistent with the responsibilities assigned to an accounting authority in terms of the PFMA; or

115.4. Use the position or privileges of, or confidential information obtained as accounting authority or member thereof for personal gain or to improperly benefit another person; and

115.5. A member of an accounting authority must disclose to the accounting authority any direct or indirect personal or private business interest that it might have and withdraw from the proceedings of the accounting authority when the matter is considered.

116 Accordingly, this Court must make an order declaring Molefe and Singh delinquent in terms of section 162(5)(c)(i)-(iv) of the Companies Act.

Further Acts of Delinquency in Respect of the Tegeta CSA and OCH/OCM Acquisition

117 In respect of the pre-payment to Tegeta, the respondent Directors failed to act in the best interests of Eskom as the transaction was not commercially favourable to Eskom.

118 On 11 April 2016, at approximately 19h30, Daniels received a telephone request from Khoza to arrange an urgent meeting of the Board Tender Committee for later that same evening to discuss emergency coal supply to Arnot Power Station. The next Board Tender Committee meeting was scheduled for 13 April 2016.

119 Daniels arranged the meeting as requested, which commenced at 21h04. The purpose of the meeting as detailed in the submission document was that supply to Arnot would be inadequate to meet the burn requirements of the

power station over the winter months and that there was an urgent need for additional coal. A copy of the submission document is attached and marked as **Annexure "DL30".**

120 The submission document required that the following resolution be approved and granted:

"Addenda to the Short Term Coal Supply Agreements between various suppliers and Eskom be concluded to extend the supply of coal from various sources to Arnot Power Station for up to a further five (5) months and/or such period as may be requested by the supplier but not later than 30 September 2016. The Chief Financial Officer is hereby authorized to approve the basis for prepayment to secure the fixed coal price for the period of extension. The Group Executive (Generation) is hereby authorized to take all necessary steps to give effect to the above, including the signing of any consents, or any other documentation necessary or related thereto"

121 One of the short term suppliers identified was Tegeta. The submission document identified that Tegeta had indicated a willingness to extend its current contract but that it had requested a prepayment to enable it to meet production requirements from the export component of the mine in lieu of the fact that it subsidises the direct feed to Hendrina Power Station. This would enable it to meet the coal supply demands for the two power stations in the short term.

122 The Board Tender Committee approved the pre-payment without having fully satisfied itself that the transaction was commercially sustainable, contrary to its obligations and duties to do so. At the time, Khoza was Chairperson of the Board Tender Committee.

123 Molefe, Singh and Khoza had a duty to act fairly and impartially when doing business on behalf of Eskom as a public entity. They had a duty to uphold

the principles of section 76 of the Companies Act, section 50 and section 51 of the PFMA, as well as section 217 of the Constitution.

124 As is detailed below, they failed to do so.

125 It was resolved on 11 April 2016 that the financial transaction was subject to:

125.1. The GCFO obtaining a discount in the price;

125.2. The supplier (Tegeta) offers a guarantee to Eskom; and

125.3. The GCFO providing an assurance to the Committee that the transactions are economically viable.

126 Singh failed to follow up and obtain those assurances.

127 Singh did not conduct himself diligently. The prepayment in the amount of R659 558 079.38 appears to never have been used to fund OCM or service the Arnot contract.

128 A few hours before the meeting, a consortium of banks had informed the Guptas that they would not be able to provide them with the R600 million required for the purchase of OCH/OCM, due two days later. The prepayment was utilized by Tegeta solely to fund the purchase of OCH/OCM (see also page 21 of **Annexure "DL24").**

129 Given the timing of the prepayment which was approved on 11 April 2016, it appears highly probable that some, if not all, of the Directors who approved the payment had some knowledge of the true nature of and explanation for the prepayment. The prepayment was approved after the special Board

Tender Committee meeting on 11 April 2016 at 21h00. This was on the same day that Tegeta told the business rescue practitioners that they were R600 million short in respect of the purchase price of R2.15 billion, which needed to be paid on 14 April 2016.

130 The urgency of the special Board Tender Committee meeting on 11 April 2016 at 21h00 was solely for the purpose of benefiting Tegeta in order to fund the purchase of all of the shares in OCH. This is a reasonable inference to be drawn having regard for the context in which this meeting was convened.

131 This is further evidenced by the testimony of Piers Marsden ("Marsden") at the Parliamentary Inquiry who was one of the business rescue practitioners ("BRP") for OCH/OCM. Marsden testified before the Inquiry that on 11 April 2016, he was contacted by the former Oakbay CEO, Nazeem Howa, who indicated that they were R600 million short and were struggling to source funding from banks. However, just two days later – the money was paid. Marsden stated that he blew the whistle on the real purpose of the payment after public statements were made by Acting Eskom GCE Matshela Koko, to the effect that the R600 million was a prepayment for coal. See attached Eskom press release marked as **Annexure "DL31".**

132 Further, subsequent to Tegeta acquiring OCH/OCM, Eskom did not fully enforce its fine of R2 176 530 611.99 against Tegeta as the new owners of OCH/OCM. Eskom reduced the fine, through arbitration and settlement, to less than a quarter of the original amount. Tegeta was only liable for a total

penalty of R557 million, of which Tegeta had paid R248 million by the time of the settlement.

133 Eskom, led by the Board as the accounting authority, was aware that Tegeta was receiving coal from OCM at a rate of R18.68/GJ. Despite this, Eskom entered into the CSA with Tegeta at an initial rate of R22.00/GJ to supply coal to Arnot Power Station.

134 Eskom, acting through Molefe, Singh and Khoza, should have known the exact position of OCH/OCM, both financially and in terms of production output, and should have known that a prepayment was not needed by Tegeta. It was the responsibility of the Chief Procurement Officer to be aware of and take the necessary steps

135 The prepayment amounted to fruitless and wasteful expenditure as it appears that it was not used to meet production requirements at OCM. It moreover exposed Eskom to unnecessary risk especially with regard to its working capital.

136 The Directors accordingly breached section 51(1)(b)(ii) of the PFMA which provides that the accounting authority must take effective and appropriate steps to prevent irregular expenditure, fruitless and wasteful expenditure, losses resulting from criminal conduct, and expenditure not complying with the operational policies of the public entity. The pre-payment was not cost effective and coal could have been sourced directly from OCM at a better rate.

137 The Directors failed to exercise reasonable care in respect of Eskom's interests.

138 Molefe, Singh and Khoza's contravention of section 51 of the PFMA amounts to an offence under section 83(1)(a) of the PFMA and is subject to the penalties under section 86 of the PFMA.

139 The Directors breached section 162(5)(c) of the Companies Act by grossly abusing their positions as Directors, acting in a manner that amounts to gross negligence and breach of trust in relation to the SOE and knowingly causing harm to the company.

140 The Directors failed to:

140.1. Act within their sphere of influence to prevent prejudice to the financial interests of the State;

140.2. Act with fidelity, honesty, integrity and in the best interests of Eskom as a public entity in the managing of its financial affairs (section 50(1)(b) of the PFMA);

140.3. Take responsibility for the safeguarding of the assets and management the revenue, expenditure and liabilities of Eskom (section 51(1)(c) of the PFMA); and

140.4. Ensure that Eskom maintains an effective, efficient and transparent system of financial and risk management and internal control (section 51(1)(a)(i) of the PFMA).

141 For these reasons, Molefe, Singh and Khoza should be held personally accountable by the Court and be declared delinquent.

CHAPTER FOUR

FINANCIAL MISMANAGEMENT AT ESKOM – THE QUALIFIED AUDIT

142 As explained above, the financial management and fiscal health of Eskom is of national importance given its centrality to the South African economy. Regrettably, as will be shown below, several instances of financial mismanagement, failure of Board oversight and a disregard of the risks arising from commercially irrational transactions arose during the tenure of the respondent Directors.

143 The events described below provide the relevant factual background for the applicants' desired relief to have Singh and Pamensky declared delinquent Directors for their central role in, and ultimate responsibility for, what is set out in this Chapter.

144 It is, of course, true that they were not the only Directors of Eskom at this time, nor the only members of the Audit and Risk Committee (as at 31 March 2017, the members of the Committee were Chwayita Mabude (acting Chairperson), Venete Klein, and Pat Naidoo). However, they unquestionably bear responsibility for failing to prevent the qualified audit of Eskom, in breach of their statutory duties as directors in their respective role of GCFO ("Singh") and Chairman of the Audit and Risk Committee ("Pamensky").

145 Pamensky served as Chairman of the Audit and Risk Committee for the period July 2016 to November 2016.

146 The financial statements were prepared under the supervision of the GCFO, Singh. They were approved by the Board of Directors and signed on its behalf by the then interim Chairman, Khoza.

The Role of the Audit Committee

147 The Audit and Risk Committee is required to perform its functions in terms of the requirements of the PFMA, the Companies Act and in accordance with the King Code of Governance Principles for South Africa ("King IV").

148 The Audit and Risk Committee is an independent oversight body and must ensure the integrity of financial controls and identify and manage financial risk. It has several statutory duties including:

148.1. Oversight of financial and non-financial reporting and disclosure;

148.2. Internal control system (oversight/management);

148.3. Risk management; and

148.4. Supervision of internal and external audit functions.

149 The Audit and Risk Committee plays a key role in ensuring accountability and should function as an independent body to ensure the integrity of financial controls, effective financial risk management, combined assurance (the process of parties working together to reach the goal of communicating information to management), and meaningful integrated reporting. It also is required to review the effectiveness of Eskom's internal controls.

150 The effectiveness of an audit committee depends on the effectiveness of the chair of the committee. As Chair of the Audit and Risk Committee, Pamensky was required, at a minimum, to:

150.1. Be independent;

150.2. Provide leadership to and oversight of the work of the Audit and Risk Committee; and

150.3. Deal appropriately with any concerns relating to internal financial controls of Eskom and related matters.

151 The GCFO is responsible to develop, implement and oversee a system of effective financial management. Singh, as GCFO, was required to provide good governance, effective oversight and to address operational matters that constitute sound financial management.

152 A reasonable director in the position of Singh and Pamensky would have performed his/her functions within, and duties towards, Eskom in compliance with the Companies Act and the PFMA.

153 Singh and Pamensky failed to do so.

The Qualified Audit

154 The Board is responsible for the maintenance of adequate accounting records and appropriate systems of internal control as well as the preparation, integrity and fair presentation of the annual consolidated financial statements. The annual financial statements reflect Eskom's financial results, performance against predetermined objectives and the

financial position at the end of the financial year of Eskom, its subsidiaries, joint ventures, associates and structured entities.

155 On 11 July 2017, Eskom published its financial statements for the financial year ending 31 March 2017. In the financial statements, the external independent auditors issued a qualified audit opinion.

156 The qualified audit opinion arose as a consequence of Eskom's external auditors being unable to conclude that the irregular expenditure disclosed in the financial statements, included all of the irregular expenditure that was incurred by the company in the financial year ending 31 March 2017.

157 The irregular expenditure disclosed in the financial statements amounted to R2.9 billion and comprised of expenditures that were incurred:

157.1. Without PFMA approval;

157.2. Following incorrect tender processes;

157.3. Without investment approval;

157.4. In breach of the Preferential Procurement Policy Framework Act, 5 of 2000 ("PPPFA"), monetary thresholds and lack of associated tax clearance certificates;

157.5. In breach of environmental regulations;

157.6. In relation to the use of labour brokers;

157.7. In relation to the use of sole sources of supply; and

157.8. That revealed the incorrect classification of contracts as emergency procurement.

158 Some of these irregularities were cured in various ways, mostly through condonation.

159 The irregular expenditure that was incurred by Eskom is set out in note 52 of the financial statements, attached and marked as **Annexure "DL32".**

160 It appears from the financial statements that the irregular expenditure incurred in 2016 was R348 million and that this amount ballooned to R2.9 billion in 2017 resulting in the qualified audit. This was the first time that an audit opinion had been qualified for Eskom.

The Effect of The Qualified Audit

161 The qualified opinion triggered an event of default on two loan facilities that total R17.2 billion from the French Development Agency and the Development Bank of South Africa ("DBSA") respectively. The occurrence of the event of default also had the possibility of triggering cross defaults on other loan agreements and this would have resulted in the acceleration of Eskom's entire debt book, at the time, of approximately R340 billion. Once Eskom became aware of the event of default, it had an obligation to inform its lenders about the event.

The Interactions with the DBSA

162 Singh, as GCFO of Eskom, wrote to the DBSA on 7 July 2017 advising it of the triggering of the event of default and requesting permission for an amendment

to the provisions of the term loan facility agreement entered into by the DBSA and Eskom on 4 November 2010. The letter is attached, marked as **Annexure "DL33".**

163 The DBSA responded and advised that it would only consider waiving its rights in terms of the term loan facility agreement if and when certain conditions were met, as outlined in its letters dated 14 July 2017 and 19 July 2017, marked and attached as **Annexures "DL34"** and **"DL35"** respectively.

164 In particular, in the DBSA's letter dated 19 July 2017, the DBSA agreed not to enforce its rights until close of business on 25 July 2017. The DBSA required Eskom to provide the following by 17h00 on 25 July 2017:

164.1. Full disclosure of the events that led to the event of default based on Eskom's understanding of those events as at 25 July 2017;

164.2. A detailed plan of mitigating measures Eskom proposed to put in place and remedial action Eskom proposed to take to ensure that Eskom's audited financial statements would not again be qualified;

164.3. The Audit Committee's written approval of the detailed plan of mitigating measures Eskom proposed to put in place and any remedial action Eskom proposed to take to address the events that led to the event of default;

164.4. Written confirmation, to the satisfaction of DBSA, that Eskom had properly identified and suspended or placed on special leave those employees or Directors or officers who played a role in the events

leading up to the qualification of Eskom's audited financial statements and control failures around Eskom's contract management; and

164.5. Evidence of immediate action taken at senior management level where allegations have been made of fiduciary responsibilities which have been compromised.

165 The DBSA sought to ensure that there was accountability and that corrective measures were taken for the qualified audit that had been issued to Eskom.

166 Eskom responded to this letter on 25 July 2017. However, its response failed to adequately address the conditions highlighted in the DBSA's letter of 19 July 2017. In particular, Eskom sought to avoid the conditions placed by the DBSA that required it to take action against senior managers, employees and Directors who played a role in the events leading up to the qualification of Eskom's audited financial statements and control failures around Eskom's contract management. Eskom's response is attached, marked as **Annexure "DL36".**

167 In a sternly worded response to Eskom, dated 26 July 2017, attached and marked as **Annexure "DL37"**, the DBSA noted Eskom's unsatisfactory response to the conditions that it had required it to meet before the 25 July 2017 deadline. The DBSA noted that Eskom had failed to address these conditions. The DBSA therefore decided that it had no choice but to issue an ultimatum to Eskom that it comply with the requirements of the 19 July 2017 letter by 17h00 on 28 July 2017. In particular and with reference to paragraph 3.4 of that letter, the DBSA specifically requested the Board of Eskom, by the extended date and time, to:

167.1. Reflect on the Eskom GCFO's ("Singh") role in the events leading up to the qualification of Eskom's audited financial statements and the control failures around Eskom's contract management; and

167.2. Suspend then GCFO ("Singh") or place him on special leave to enable an independent and transparent investigation to be conducted into his role at Eskom.

168 On 28 July 2017, Eskom responded and advised the DBSA that the Eskom Board had now placed Singh on special leave pending an investigation into the events leading up to the qualification of the Eskom financials and the control failures in relation to the contract management function within Eskom, as well as generally his role in certain events which took place at Eskom. The letter is attached and marked as **Annexure "DL38"**.

169 It was only following this action taken by the Eskom Board, at DBSA's insistence, that the DBSA agreed to waive its rights in terms of the term loan facility agreement.

170 The qualified audit and the subsequent triggering of the events of default in the term loan facility agreement placed Eskom under enormous risk, including that:

170.1. The likelihood of the South African government having to step in and assume the guarantee debts of Eskom as primary obligor resulting in further sovereign ratings downgrades;

170.2. Eskom may have had to follow debt restructuring that would have had a detrimental impact on the South African economy;

170.3. Eskom and the government would have likely been downgraded by the ratings agencies while the situation remained, and this would have had negative implications for the South African currency on foreign exchange markets;

170.4. There would have been a possible run on the equity markets;

170.5. There would have been a deepening of the weak GDP growth of the country with negative consequences on issues such as unemployment; and

170.6. Eskom's financial sustainability would have been further compromised.

171 Eskom's hand was eventually forced by the lenders to ensure that corrective action and accountability was taken for the qualified audit.

172 Had Singh and Pamensky diligently, rather than delinquently, performed their statutory and legal duties, Eskom's audit would not have been qualified and it would not have risked the occurrence of an event of default.

173 In addition, during the tenure of this Audit and Risk Committee, chaired by Pamensky, irregular expenditure at Eskom increased fourfold from R348 million in 2016 to R2.9 billion in 2017. The Audit and Risk Committee was therefore negligent, and its members failed in their statutory duties, including the following specifically related to audit and risk:

173.1. Ensuring oversight of financial and non-financial reporting and disclosure;

173.2. Ensuring that there were internal control systems;

173.3. Ensuring risk management; and

173.4. Ensuring proper internal and external audit functions.

174 The qualified audit and ballooning of irregular expenditure caused and continues to cause significant damage to Eskom's reputation. Some of Eskom's creditors threatened to recall significant loan amounts which Eskom relied on for financial solvency and liquidity, and which loan agreements contain conditions including that Eskom maintain an unqualified audit. The qualified audit also threatened the credit rating of Eskom.

175 In addition, the financial statements failed to accurately identify all instances of irregular expenditure, which is a further breach of section 55(2) of the PFMA.

176 In sum, the dire financial state of Eskom is evidence of gross mismanagement and irresponsible financial management. Singh as GCFO was ultimately responsible for ensuring that sound corporate governance principles are adhered to throughout Eskom's financial affairs.

177 In light of this negligent misconduct, I submit that Pamensky and Singh, in particular, fall to be declared delinquent Directors in term of section 162(5)(c)(iii) and (iv)(aa) of the Companies Act, in that they acted in such a manner that amounted to gross negligence with regard to the performance of their functions within, or duties towards, Eskom in terms of section 50 and section 51 of the PFMA by failing to:

177.1. Exercise the duty of utmost care to ensure reasonable protection of the assets and records of the public entity (section 50(1)(a) of the PFMA);

177.2. Act with fidelity, honesty, integrity and in the best interests of Eskom as a public entity in the managing of its financial affairs (section 50(1)(b) of the PFMA);

177.3. Ensure that Eskom maintains an effective, efficient and transparent system of financial and risk management and internal control (section 51(1)(a)(i) of the PFMA);

177.4. Ensure that Eskom maintains a system of internal audit under the control and direction of an audit committee complying with and operating in accordance with regulations and instructions prescribed in terms of section 76 of the PFMA (section 51(1)(a)(ii) of the PFMA);

177.5. Ensure that Eskom maintains an appropriate procurement and provisioning system which is fair, equitable, transparent, competitive and cost-effective (section 51(1)(a)(iii) of the PFMA);

177.6. Ensure that Eskom takes effective and appropriate steps to prevent irregular expenditure, fruitless and wasteful expenditure and expenditure not complying with the operational policies of Eskom (as contemplated in section 51(1)(b)(ii) of the PFMA);

177.7. Exercise the duty of utmost care to ensure reasonable protections of the assets and management the revenue, expenditure and liabilities of Eskom (section 51(1)(c) of the PFMA); and

177.8. Take effective and appropriate disciplinary steps against any employee of the public entity who contravenes or fails to comply with a provision of the PFMA, commits an act that undermines the financial

management and internal control system of Eskom, or makes or permits an irregular expenditure or a fruitless and wasteful expenditure (section 51(1)(e) of the PFMA).

178 Pamensky and Singh further failed to:

178.1. Receive and deal with appropriately any concerns or complaints, whether from within or outside the company, or on its own initiative, relating to –

(i) The accounting practices and internal audit of the company;

(ii) The contents of auditing of the company's financial statements;

(iii) The internal financial controls of the company; or

(iv) Any related matter (section 94(7)(g) of the Companies Act); and

(v) Make submissions to the Board on any matter concerning the company's accounting policies, financial control, records and reporting (section 94(7)(h) of the Companies Act).

179 A reasonable director and chairperson of an audit committee and a reasonable CFO would have taken the steps necessary to ensure a system of effective financial management, and compliance with their statutory duties.

180 Pamensky and Singh failed to do so.

181 Accordingly, this Court must make an order declaring Pamensky and Singh delinquent Directors in terms of section 162(5)(c)(iii) and (iv) of the Companies Act.

CHAPTER FIVE

BRIAN MOLEFE'S "EARLY RETIREMENT"/RESIGNATION

Introduction

182 The next incident providing grounds for delinquency on which the applicant relies pertains to the scheme that was set up by Eskom and its Directors to pay Molefe R30.1 million in "early retirement benefits".

183 The scheme essentially amended the applicable pension fund rules in respect of executive directors with fixed term contracts to make up the shortfall in years, waive penalties and refund to the Eskom Pension and Provident Fund ("EPPF") the actual cost relating to the additional service.

184 Molefe was appointed as Acting GCE of Eskom on 17 April 2015 and his appointment as GCE was made permanent on 1 October 2015.

185 On 16 October 2015, a letter was addressed to the former Minister, setting out a proposal in respect of Molefe's remuneration for her consideration and approval. The letter stated that the benchmarks reflected that the current remuneration as paid by his former employer, Transnet, to Molefe was below the statistical measurements. On that basis, a suitable guaranteed remuneration package was proposed, taking into account the cited benchmarks. The letter is attached, marked **Annexure "DL39".**

186 On 1 November 2015, the former Minister approved the total guaranteed remuneration to be paid to Molefe with effect from the date of his appointment. She advised that it was her view and that of Cabinet that the

period of employment be stipulated as five years, subject to annual performance reviews. The letter is attached, marked **Annexure "DL40".**

187 On 9 November 2015, Eskom made a formal offer of employment to Molefe, Molefe acknowledged receipt of the letter on 11 November 2015. Molefe was appointed as the GCE, with effect from 1 October 2015.

188 On 25 November 2015, correspondence from Eskom was directed to the former Minister, a copy of which is attached marked as **Annexure "DL41".** In this letter, Molefe's history of having served in numerous high ranking South African organisations at an executive level to stabilise and ensure the future sustainability and performance of those organisations was outlined. It was further indicated that due to the nature of those engagements and the short term contractual obligations, Molefe had not been able to benefit from the growth opportunity of a single pension fund. Consequently, the following material contractual stipulations to bridge this gap were proposed and the former Minister was requested to approve the proposed contractual stipulations:

188.1. Regardless of Molefe's age after the five-year termination date, he be allowed to retire from Eskom's service on the basis that he is aged sixty-three;

188.2. That the penalties prescribed by the EPPF for retirement prior to age sixty-three be waived;

188.3. That Eskom carries the cost of such penalties (to be paid over to the EPPF); and

188.4. In the event that Molefe's contract is not extended beyond the five-year termination date, he will be allowed to subscribe to any other SOC or government pension fund.

189 The former Minister did not respond to the letter dated 25 November 2015. However, this matter was discussed at a meeting on 23 February 2016, which Daniels attended.

190 Daniels also attended a meeting of 23 February 2016 with Brown, Ngubane and Klein, in Cape Town, where Molefe's proposed pension arrangement was discussed. The former Minister indicated that she would not oppose the pension proposal but that it must be submitted to her in writing so that she can deal with it expeditiously. It was indicated to her that correspondence had been sent to her office in a letter dated 25 November 2015. Confirmation of the Cabinet decision in relation to the tenure of Molefe's contract of employment needed to be obtained by the former Minister.

191 A meeting of the People and Governance Committee was held 9 February 2016, chaired by Klein. As already indicated, this proved to be a crucial meeting.

192 The Committee passed a resolution that, in cases where Executive Directors decided to take early retirement and there was a shortfall regarding the EPPF ten years of service rule, Eskom would bridge the gap to make up for the ten years, waive the penalties applicable to early retirement, and Eskom would refund the pension fund the actual costs for additional service added, plus penalties applicable to early retirement.

193 In terms of the resolution, Molefe and Singh, who were to be appointed on five-year fixed-term contracts, would be able to qualify for the early retirement benefits contrary to the rules of the EPPF. The resolution was consistent with the proposal in the letter to the former Minister dated 25 November 2015, discussed above.

194 On 2 November 2016, the Public Protector released her State of Capture Report. Following the emergence of a plethora of allegations implicating Molefe in the Report, Molefe announced, on 11 November 2016, that he would be terminating his employment with Eskom. On the same date, Molefe also submitted a request for early retirement.

195 On 11 November 2016, the former Minister issued a statement stating that Molefe had resigned as the Eskom GCE.

196 On 21 November 2016, the People and Governance Committee discussed the terms of Molefe's request for early retirement and approved the request, in principle. This meeting was not quorate and was thus unable to pass any resolutions.

197 On 24 November 2016, correspondence was addressed to Molefe, confirming that his application for early retirement was approved in terms of rules 28 and 21.4 of the EPPF Rules and the committee resolution of 9 February 2016.

198 The correspondence was based on an extract from the 9 February 2016 meeting minutes and resolution. Reliance was placed on the meeting of 9 February 2016 as basis for accepting Molefe's application despite knowledge

that no resolution was passed to that effect. It was further confirmed that penalties would be waived and the potential service to age sixty-three was granted.

199 Molefe left Eskom's employment and, on 23 February 2017, took up a position as a Member of Parliament for the African National Congress.

200 The issue of Molefe's departure from Eskom resurfaced again on 16 April 2017, when the Sunday Times newspaper published an article detailing that Molefe had received a R30 million pension pay out.

201 The former Minister later instructed the Board to engage Molefe and report back with an appropriate pension proposal and further to investigate how its proposal got into the public domain prior to her having had an opportunity to consider it.

202 Notwithstanding this instruction, on 23 April 2017, the former Minister issued a media statement that she had declined Eskom's proposal to pay Molefe a R30 million pension payout on the basis that it lacked legal rationale and was not justifiable in light of the current financial challenges faced. A copy of the statement is attached and marked as **Annexure "DL42".**

203 However, Molefe's pension proposal was discussed with the former Minister at the 23 February 2016 meeting attended by Daniels, together with Ngubane and Klein, where the Minister indicated that she would not oppose the pension proposal.

204 Further, it was under the direction of the former Minister that Eskom was instructed to look at alternative pension proposals for Molefe. See Eskom

correspondence dated 11 May 2017, attached and marked as **Annexure "DL43"**.

205 On 11 May 2017, the Chairman of the Eskom Board, directed a letter to Molefe in which he was offered his former position of Eskom GCE. Molefe returned to Eskom in what was claimed to be a "reinstatement".

206 On 25 January 2018, the High Court set aside the scheme as unlawful. In its judgment, attached and marked as **Annexure "DL44"**, the High Court noted:

> *"There is a strong inference to be drawn from the above factors that the early retirement agreement was a deliberate scheme devised by Eskom with the involvement of Molefe to afford him pension benefits he was not entitled to. The scheme permitted Molefe to proceed to early retirement at age 50 by buying him extra pensionable service. The scheme was started soon after Molefe's permanent employment and was deployed after he had publicly stated that he was voluntarily leaving Eskom's employ."*

207 On 10 October 2018, the SCA dismissed Molefe's application for leave to appeal the judgment.

208 The key driver of the scheme appears to have been Klein as Chairperson of the People and Governance Committee. Klein devised the proposal in conjunction with other directors and presented it to the People and Governance Committee for approval.

209 As part of its mandate, the People and Governance Committee assisted the Board in dealing with the nomination and remuneration of directors and developing human resources strategies and policies. As Chairperson, Klein, was responsible to perform her functions in good faith and for a proper purpose, in the best interests of Eskom, and with the degree of care, skill

and diligence that may reasonably be expected of a person carrying out those functions.

210 As detailed below, Klein did not act in good faith and with the degree of care, skill and diligence reasonably expected of a director in her position.

211 The then Chairman of Eskom, Dr Ben Ngubane, was present at that meeting and signed the related correspondence in his capacity as Chairman of the Eskom Board.

212 In addition, Khoza was also a member of the People and Governance Committee. On 21 November 2016, the People and Governance Committee confirmed acceptance of Molefe's request for early retirement.

213 The High Court found in, paragraph [27] of its judgment, that Molefe was present at the meeting of 9 February 2016. It states that he was present despite not being a member of the Committee and that he failed to disclose his interest in the matter. The retirement scheme was discussed at an in-committee meeting on 9 February 2016. Molefe was excused from the meeting at this time and was not present for the discussion, nor was Singh present. See attached the minute of the meeting, marked as **Annexure "DL45".** We are not aware of whether the High Court had sight of this minute.

214 As can be seen in the attached judgment at paragraph [73], the Court found that:

"... there was no legal rationale for the pension arrangement and that it was unjustifiable, it was [therefore] irrational for the Minister to approve the reinstatement of Molefe as a better value proposition to an unlawful pension proposal ..."

215 At the Parliamentary Inquiry on 20 October 2017, Sibusiso Luthuli, CEO of the Eskom Pension Fund, stated that around the time of Molefe's resignation, the Eskom Pension Fund had received a letter from Eskom – signed by then Board chairman Ngubane – that "specifically requested the application" of certain pension fund rules. This request essentially "bought 13 years of additional service" for Molefe, shifting up his pensionable age – on which total amounts were calculated -- from an actual 50, to 63.

216 It was further disclosed by Mr Luthuli that Molefe should never have been a member of the Eskom Pension Fund as he was employed on a five-year fixed term contract. However, Eskom provided the Eskom Pension Fund with information that created the impression that Molefe was a permanent employee. It subsequently transpired that Minnaar had entered Molefe onto the system as a permanent employee and had not amended this status when the contract was converted to a fixed-term contract.

217 The Eskom Pension Fund relied on that information. Molefe left Eskom at the end of 2016 with an after-tax pension cash pay-out of R7.9 million and regular monthly pension.

Grounds for Delinquency Arising from the "Early Retirement" Incident

218 The High Court, in setting aside the "Early Retirement" Agreement, stated that the decision by Eskom to give Molefe R30.1 million in retirement

benefits after only fifteen months of service constituted an abuse of public funds. The court found at paragraph [39] that:

> *"The decision by Eskom to waive penalties and buy Molefe an extra 13 years of service totaling R30.1-million after only 15 months service at the age of 50 stretches incredulity and is unlawful for want of compliance with the rule of the EPPF. What is most disturbing is the total lack of dignity and shame by people in leadership positions who abuse public funds with naked greed for their own benefit without a moments consideration of the circumstances of fellow citizens who live in absolute squalor throughout the country with no basic services."*

219 The Court also found, at paragraph [55] to [56], that:

> *"It has subsequently become common cause between the parties that the early retirement agreement which purported to permit Molefe to retire from Eskom on full pension benefits after only 15 months of service at the age of 50 was unlawful in that it breached the Rules of the Eskom Pension Fund.*
>
> *There is a strong inference to be drawn from the above factors that the early retirement agreement was deliberate scheme devised by Eskom with the involvement of Molefe to afford him pension benefits he was not entitled to. The scheme permitted Molefe to proceed to early retirement at age 50 by buying him extra pensionable service. The scheme was started soon after Molefe's permanent employment and was deployed after he had publicly stated that he was voluntarily leaving Eskom's employ."*

220 In conclusion, this mismanagement was perpetrated in the following ways:

220.1. Molefe was a temporary employee on a five-year fixed term executive employment contract and thus not eligible to be a member of the Eskom Pension Fund. Despite the fact that Molefe was not being retrenched, Eskom, by letter signed by Ngubane on 24 November 2016, provided the Eskom Pension Fund with information that Molefe was appointed as permanent employee and requested

the Eskom Pension Fund to grant Molefe extra service in accordance with the provisions of the rules. The associated costs amounted to R30.1 million. Eskom paid this amount to the Eskom Pension Fund.

220.2. Klein drove the issue of affording Molefe these retirement fund benefits by firstly seeking approval from the former Minister in the letter dated 25 November 2015 and then by obtaining a formal resolution of the People and Governance Committee.

220.3. Molefe concealed the issue of the purported early retirement and misled the public to believe that he had in fact resigned from Eskom. In a public statement issued on 11 November 2016, Molefe indicated that he had in the interests of good corporate governance decided to leave his employ at Eskom and did so voluntarily. See media statement dated 11 November 2016, attached and marked as **Annexure "DL46".**

221 In the High Court proceedings, despite the letter being received in the Registry of the Department, the former Minister maintained that she was unaware of the request by Molefe for early retirement.

222 The "early retirement" agreement was in fact a misuse of public funds.

223 A Director in Klein's position would have known that providing an employee on a five-year fixed term employment contract with R30.1 million in retirement benefits after only fifteen months of service constituted an abuse

of public funds and would have taken the steps necessary to prevent such a resolution from being passed.

224 Molefe, as a Director and Chief Executive, must have known that the pension agreement, which he initiated and willingly accepted was an unlawful use of public funds. A reasonable director in his position would have taken steps to prevent the unlawful use of public funds and would not have accepted the R30.1 million in retirement benefits.

225 Klein and Molefe fall to be declared delinquent Directors in term of section 162(5)(c)(iii) and (iv)(aa) of the Companies Act, in that they acted in such a manner that amounted to gross negligence with regards to the performance of their functions within, or duties towards, Eskom in terms of section 50 and section 51 of the PFMA by failing to:

225.1. Act in the best interests of Eskom as a public entity in the managing of its financial affairs (section 50(1)(b) of the PFMA);

225.2. Prevent any prejudice to the financial interests of the State by the Board (section 50(1)(d) of the PFMA);

225.3. Prevent fruitless and wasteful expenditure (section 51(1)(b)(ii) of the PFMA);

225.4. Manage the available working capital efficiently and economically expenditure (section 51(1)(b)(iii) of the PFMA); and

225.5. Safeguard the assets and manage the revenue, expenditure and liabilities of Eskom responsibly (section 51(1)(c) of the PFMA).

226 Accordingly, this Court must make an order declaring Klein and Molefe delinquent in terms of section 162(5)(c)(iii) and (iv) of the Companies Act.

CONCLUSION

227 The Eskom Board constitutes the governing body of Eskom yet the Directors on the Board, acting through the various sub-committees, failed to take necessary steps to protect the assets of Eskom. The Directors failed to act in the best interests of Eskom by safe-guarding against the contravention of legislation and policy and by failing to act against gross mismanagement when encountered.

228 The failure of proper oversight by key sub-committees such as the People and Governance Committee, the Board Tender Committee and the Audit and Risk Committee enabled the mismanagement of funds from Eskom.

229 In failing to exercise the duty of utmost care and not acting in the best interests of Eskom, the Directors breached their fiduciary duties to manage the interests of the Board and those of Eskom in terms of section 50 of the PFMA.

230 It is evident from what is stated above that the respondent Directors failed in their duties to act with diligence, care and skill in carrying out their obligations to Eskom. In some instances, the respondent Directors acted negligently and unlawfully in pursuing opportunities for related parties and close associates. In so doing, the Directors betrayed public trust and misused the public power that was entrusted in them for the oversight of Eskom.

231 The Directors must be held personally responsible and accountable for their action and inactions.

232 As such, the applicant prays for an order in terms of the Notice of Motion.
